Print & Graphic Communications Association's **NEOGRAPHICS®** is a premier regional competition and awards gala celebrating exceptional achievement in print, packaging, and graphic communications across New York, New Jersey, Delaware, and Pennsylvania. In 2025, PGCA proudly acquired the Print & Graphic Association of the MidAtlantic (PGAMA), bringing with it the respected Q-Awards/Excellence in Print competition. This exciting milestone united two long-standing traditions of excellence under one powerful and recognizable banner: **NEOGRAPHICS®**.

Today, companies from NY, NJ, PA, DE, MD, VA, and Washington, D.C. compete under the **NEOGRAPHICS®** name for the industry's highest regional honor - the coveted Power of Print Award®. As one of the largest and most respected print competitions in the United States, **NEOGRAPHICS®** showcases outstanding craftsmanship, innovation, and technical expertise across the industry. The **NEOGRAPHICS®** Awards Gala consistently draws more than 300 print professionals, offering an unmatched opportunity to network, celebrate peers, support the industry, and recognize the very best in print, packaging, and graphic communications. Join us on May 14, 2026, at The Switch Hotel for an unforgettable evening honoring the Power of Print®.
